

OPEN HOUSE

Academic Excellence and Spiritual Enrichment Since 1928

Join us and discover why generations for ninety years have chosen St. James as their preferred, spiritual and academic path.

Each grade group experiences a loving, Catholic-based setting where collaborative learning centers meet state-of-the-art technology with iPads and laptops.

We offer a wide spectrum of educational services with a challenging curriculum. Our students thrive through the education and spiritual teaching of our experienced faculty and administration.

Our focus is on academic preparedness starting at the pre-school level and progresses into our middle school grades as we prepare each student for High School.

EVENT DATES & TIMES:

- Wednesday, November 8, 2017: 9:00am - 10:30am
