Our Mission

St. James Cathedral School is an educational ministry of St. James Cathedral Church. A Catholic school committed to outstanding academic and spiritual development of all students, St. James Cathedral School provides varied opportunities for students to discover and develop their unique God-given gifts in a safe and stimulating learning environment.

The love and stewardship of Jesus is our inspiration.

We come to learn; we leave to serve.

Our Beliefs

We believe it is our mission as Catholic educators to model the values and beliefs we teach in a faith based community that fosters self-respect and respect for others.

We believe it is our role to develop and foster each child's unique, God-given gifts by encouraging students to do all they are capable of doing by themselves in child-centered classrooms where teachers act as facilitators.

We believe that Catholic schools should provide children with a spiritual and academic foundation that will lead to the development of creative and ethical problem solvers who will make a positive contribution to our world.

We believe that a St. James education should include intellectual, spiritual, moral, and emotional formation that reflects the values we hold most dearly... integrity, honesty, moral courage, discipline, and initiative.

Principal's Greeting

Dear Families,

Many years ago I joined the St. James family as both an administrator and parent. This journey has allowed me the opportunity to dive deep into the ministry of Catholic education. As I moved from Guidance Counselor, to Assistant Principal to Principal I witnessed God's transformation in not only my own children but in every child that walked the halls of this campus.

This school began in 1928 and it served elementary and high school students. The rooms were filled with Catholic priests and nuns that shared the love of Jesus and the foundation of Catholicism while providing an excellent education to the students.

Today, our school continues to be a historic example of academic and spiritual excellence. Our families come from near and far to continue this rich tradition for their children. Though the classroom has gone from clergy to lay ministers, the love and sharing of our Catholic faith is very strong and vibrant. Our faculty are catechists and certified in their teaching discipline from the State of Florida. Teaching at St. James is not just a profession; it is a true ministry where it is evident that educating our children is our priority.

Technology, small group, and collaborative learning are the heart of each classroom from preschool through 8th grade. Our students develop life skills, strong moral character, and academic minds that see into the future while preparing for what is ahead. I can say first hand and as a parent, that St. James prepared my sons for Bishop Moore Catholic High School by being able to enter all honors and AP courses.

Here at SJCS we serve the whole child while developing them spiritually, socially/emotionally, and academically. As a parent who knows the sacrifices of providing a Catholic education to my four boys, it will always be the best decision that was made by our family. Catholic education is a lifelong investment. I can promise you it will be the best gift that you can give your child and family. I look forward to you and your child/ren joining our SJCS family.

Many Blessings,

Dawn Helwig, Principal
St. James Cathedral School
