March 31, 2020

Dear St. James Cathedral School Community:

Today Mr. Henry Fortier, the Superintendent of Schools for the Diocese of Orlando, communicated that since public schools will be closed until at least May 1, 2020, we will follow that same process. The intention is that we will mirror the public schools' closure and continue our digital classroom learning process. In addition, all schools moved their spring and Easter breaks to the time frame of March 13th-27th, so teachers are expected to teach all of Holy Week with the exception of Good Friday, but instruction will resume on Monday, April 13th. As a Diocese, we have instructional days that we need to recoup in order to cover the necessary material before the end of the school year and finish on the date set in our school calendars.

In Christ's love,

Jayne Hartmann
